RESORT Fernie, British Columbia

Snowfall 30ft

Fernie is one of the best places to experience Canada's famous powder, with an average of 30ft of snowfall each year. And it's not just the quantity of snow that's so good, it's also the quality of it. A combination of local weather systems and Pacific fronts are to thank for Fernie's frequent dumps and feather-light flakes.

Alpine Bowls 5

The ski area consists of five interconnected alpine bowls: Cedar, Lizard, Currie, Timber and Siberia. Each bowl has unique character, with steep descents and tight chutes, smooth groomers, tree runs and powder fields. Fernie has more expert terrain than most other ski areas, with its rugged and ungroomed slopes providing some of the best conditions for advanced progression and pushing yourself further.

Skiable Acres 2,500+

One of the largest ski areas in the Canadian Rockies, Fernie boasts over 2,500 acres of varied terrain, including 1,800 acres of tree skiing guarded from the elements. Fernie has the biggest vertical in the Canadian Rockies, with a top elevation of 7,000ft at Polar Peak and spectacular views across the Lizard Range and Elk Valley.

Runs 142

With the most ski runs in the Rockies, riders have plenty of groomed and ungroomed terrain to choose from. There are 142 marked trails, with 75 rated as black or double black. From cruisy blue runs to steep blacks and gladed trees, Fernie has something for all levels of challenge. Falling Star in Siberia Bowl is the longest at 5km long.

Town

The town of Fernie is located in the valley, a short distance from the ski area, and promises a real taste of Canadian mountain life. A genuine mountain settlement rather than a tourist resort, historic downtown has a funky and laid-back vibe, with plenty of indie shops, bars, restaurants and coffee stores. Whether its late nights, live music or a fresh coffee, every vibe and venue is covered.

COACHING

Sessions 4/week

Each week features four full-day coaching sessions, led by a Nonstop instructor. With three weeks of intensive training, you'll focus on enhancing your skiing and teaching skills in preparation for the CSIA Level 1 exam. This will include refining your riding, perfecting your demo techniques, and learning about the CSIA framework, all while riding the mountain and sharpening your all-terrain skills.

Groups By Ability

This course is designed for a range of abilities from intermediate through to expert. We organise groups by ability and attitude to ensure you ride with people of a similar skill level and outlook, creating an environment of progression and camaraderie.

Group Size 8 Riders

We aim for groups of no more than 8 riders to a coach. Our small group sizes create an optimal dynamic from both a coaching and social perspective, allowing for one-on-one feedback, peer learning and a good social vibe.

Coaches Level 3/4

You'll be coached by highly qualified instructor trainers, all passionate about skiing and dedicated to helping you grow. Each week you will rotate between coaches, allowing you to benefit from different teaching styles and insights. They'll guide you to Fernie's hidden zones and share advice on the industry, providing tips and tactics to develop your skills.

Qualifications CSIA/CASI

You will be training for the CSIA Level 1 certification, which qualifies you to teach beginner skiers. The Level 1 is an entry-level qualification, enabling you to teach beginners, and consists of both skiing and teaching components.
